Open Bar Packages

The worry-free package. Never worry about limits, cash bars, or having to close the bar. Staffing, equipment rentals, plastic cups, napkins, straws, and other supplies are built into the upfront price plus the per person price of the open bar.

Consumption Bar Packages

The most economically friendly package for clients on a budget. Staffing, equipment rentals, plastic cups, napkins, straws, and other supplies are built into the upfront price and then you are billed for the products consumed. You have the choice of an unlimited tab or you can set a limit. Once the limit has been reached, staff will check with you to see if you want to raise the tab limit. During the planning of your event, you will decide what to do after the limit has been reached by either closing the bar or move to a cash bar. Optionally use drink tickets to control and monitor consumption of your guests. Kegs are not permitted to be used for consumption packages.
